dynamic logistics management

New - Get on board today!

- A faster way to the trade fair
- Free ride to the hall
- No waiting times
- Less stress
- Good for the environment

>>> eSlot makes trade fair transports by truck more efficient.The dynamic logistics management system helps you to get to the trade fair in the fastest possible way. Your loading slot is reserved and you drive straight through to the loading point.

eSlot works with the NUNAV routing system and calculates your best route every 15 seconds, taking traffic developments into account. This helps you to avoid traffic jams dynamically and proceed directly to the loading point without waiting.

NUNAV

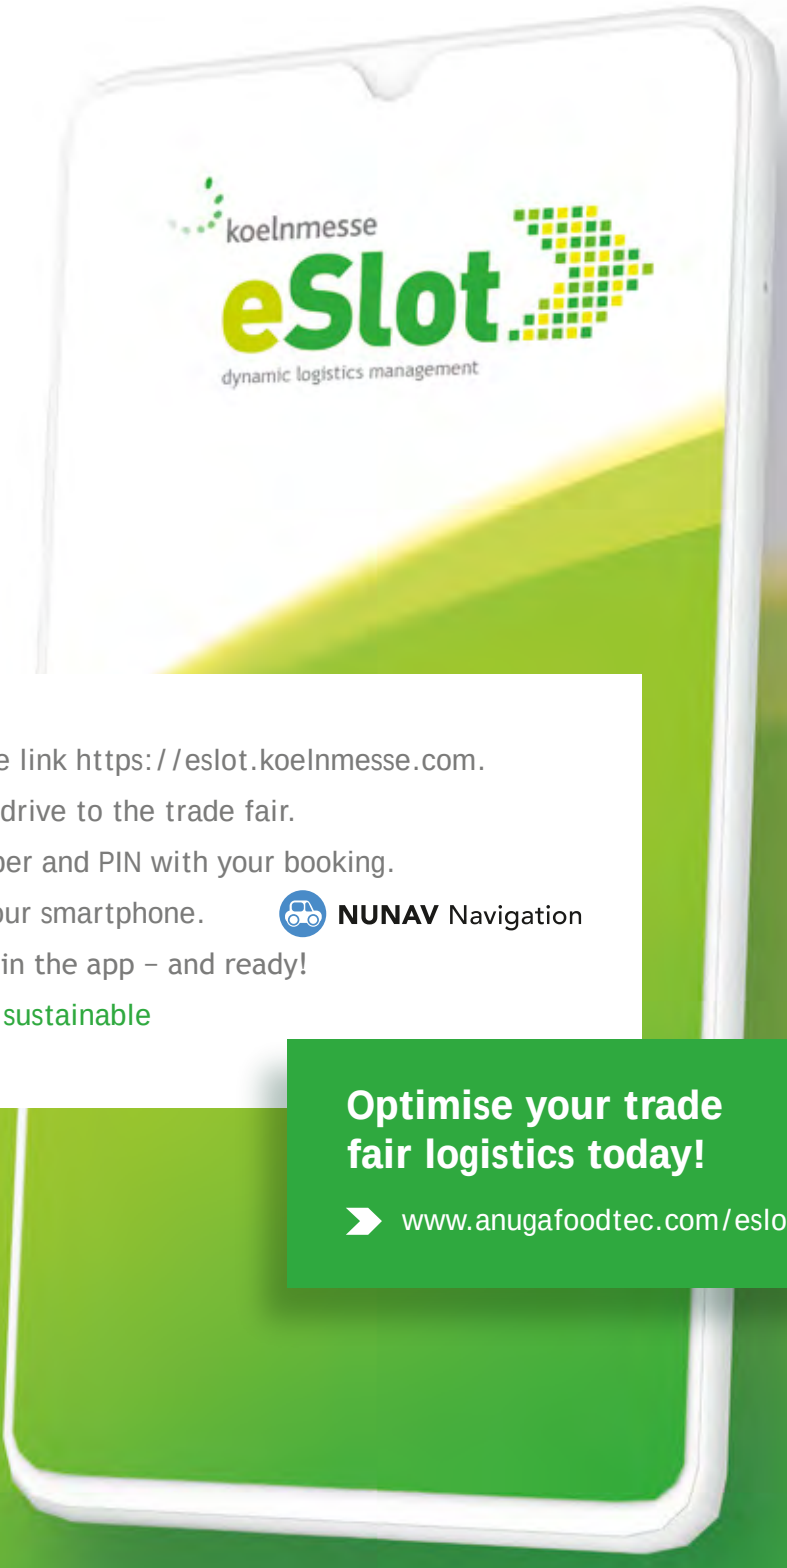

Your booked eSlot is reserved for you, the barrier at the gate opens automatically and you are routed to the final loading position. Pre-booked forklifts are made ready for you as quickly as possible.

Without a booked eSlot, access to the fair grounds is not possible during set-up and dismantling. The booking of an eSlot is subject to a charge. Vehicles under 3.5 t have the possibility to park free of charge in designated parking areas during set-up.

koelnmesse

Please note!

The access to the trade fair grounds will be possible only for those who have a time slot booked via the eSlot portal.

It's that simple!

01. Go to the eSlot portal using the link https://eslot.koelnmesse.com.
02. Book your desired time slot to drive to the trade fair.
03. You will receive your trip number and PIN with your booking.
04. Download the NUNAV app to your smartphone.
05. Enter the trip number and PIN in the app – and ready!

Parcel Service

New: Your reliable parcel service at the exhibition grounds

Secure. Fast. Directly to your stand.

We now offer a solution for the secure acceptance and delivery of parcels directly at the Koelnmesse exhibition grounds.

With the **new Parcel Service**, we ensure that parcels are accepted securely logged and delivered to the stand at a specific time on request. This service is provided in co-operation with our official service partner **DSV Fairs & Events GmbH**.

This service applies to shipments within the EU. Third country shipments with customs clearance fees must be requested and processed separately.

This is how easy the Parcel Service works:

50 Euro (per package)	**Acceptance and delivery of parcels weighing up to 50 kg directly to the stand**

1.) Fill out the **contact form** on the respective trade fair website.

2.) You will then receive a confirmation from our responsible service partner **DSV Fairs & Events GmbH**.

3.) You can use your regular account with FedEx, UPS or another freight company to organise your freight to Cologne. Simply write the **shipping address listed below** on the parcel and that's it.
