ART COLOGNE

IMPORTANT INFORMATION ON ADMISSION TO THE FAIR!
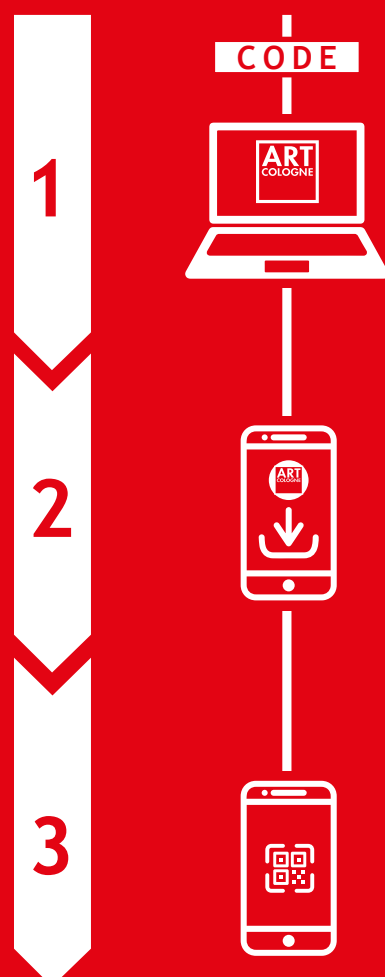

For exhibitors

Please observe: the new process for admission to the art fair! What do you have to do as an exhibitor?

THIS IS NEW:

In addition to photo identification for exhibitors, as well as for setup and dismantling personnel, which you have received as usual in the service centre of the art fair, you also received digital ticket codes from us by e-mail. Please forward these codes to all people who require admission to ART COLOGNE:

- all people who support your trade fair stand before, during and after the art fair (for exhibitor passes)
- the team for setup and dismantling (for setup and dismantling passes)
- further service providers you have commissioned in the context of your setup and dismantling of the art fair (for setup and dismantling passes)

Admission to the trade fair occurs in three simple steps:
